STROMBOLI TOUR DAY & NIGHT + BOAT TOUR + ASCENT TO CRATER 2 days / 1 night in HB

DAILY PROGRAM:

Day 1

Departures 7:50 - 8:20

Departure from the port of Milazzo and direct transfer to the island of Stromboli. Our staff will wait on the island of Stromboli to give information about the program.

Arrival at the port on the island of **Stromboli**. One of our personnel will be waiting for you to take you to your hotel.

Many are the attractions of the island. **Stromboli is considered by many the most beautiful and fascinating island of the archipelago**, where the fire lives together with a thick vegetation and the fauna is characterized by the presence of various species. One of the most famous places is the **love nest of Roberto Rossellini and Ingrid Bergman**, that fell in love during the shooting of "**Stromboli, God's Land**". It is also the setting for the conclusion of the novel "**Journey to the Center of the Earth**", **written in 1864 by Julius Verne**.

Worth a visit is also the **Church of San Vincenzo** and its square where you can admire the **magnificent panorama of the island**. It is also possible to **freely climb the crater of Stromboli until the observatory at 400 meters**, where you can have another magnificent panoramic view.

Surrounded by sea, magnificent black-sand beaches, a tranquil setting (no cars), beautiful white houses with lush gardens, it provides a perfect surrounding for a relaxing holiday.

1.30pm lunch at one of the best restaurant of the Island with a spectacular view of the sea

4:00pm on a small group, we start **climbing Stromboli volcano (*)**, **an extremely rewarding experience** (5 hours. Rest break every 30 minutes). Famous for its regular fireworks since Ancient times, Stromboli is one of the very few volcanoes in the world that is in near-constant activity. It offers visitors a relatively easy access to a vantage point where its fireworks can be observed from very close range in reasonable safety.

9:00pm dinner (not included).

Day 2

Breakfast

11:00am we go **on a private little boat for a two hour round trip of Stromboli (**)** with special attention to the **Sciara del Fuoco (street of fire)**. During sailing we will also **stop at the best bays to let people diving from the boat and swim** in the clear, blue waters of this magic island.

5:35pm return to Milazzo.

Notes:

- A) Times may change
- B) Visits from the sea and circumnavigations and climbing of the volcano are subject to weather conditions
- C) Hydrofoils and Ferries not included

Price: Adults € 59.00 - € 49.00 children 3-10 years
